QUALIFICATION OF BANKERS

[Republican A. P. Leased Wire]
WASHINGTON, Oct. 6.—The section of the Clayton act prohibiting private bankers from serving after October 15 as officers or directors of banks having membership in the federal reserve system, was interpreted by the reserve board today as barring only those engaged in the banking business "as generally understood" and not those engaged as stock, note or commodity brokers, or those using their own funds in making loans.

Lieutenant H. A. Harvey had his horse badly cut by, running into a barbed wire fence on the first leg of the race last night and was unable to finish.
None of the riders had been over the course, which was difficult to follow in some places, even by day.

SOME SOLDIER UNNAMED HERO

[Republican A. P. Leased Wire]
OTTAWA, Ont., Oct. 6.—The exploit of a wounded Canadian private, who leaped from his trench, killed and wounded many Germans and compelled 62 others to surrender, is described in a dispatch received today from Canadian headquarters in France. The dispatch describes as follows:
The bravery of an unnamed private made it possible for his battalion to capture 250 yards of trenches at a critical moment in the general attack. "Severe fighting continued almost without cessation during the past week," says the report. "The Germans brought up reinforcements and fresh troops and opposed at times a desperate resistance to our advance. Attacks were aided by counter attacks and certain portions of the trenches were the scene of sanguinary hand to hand struggles."
In consequence of the reports of patrols, the communication continues: "The Canadian lines were advanced and occupied a new position nearly 1,000 yards further forward. Fierce attacks and counter attacks ensued from September 27 to October 1, trenches being held in turn by the Germans and the Canadians. The Canadian line north of Courcellette was eventually pushed forward another 500 yards, the report says, and new trenches were dug."
"The most aggressive gallantry was displayed by a private belonging to the Edmonton battalion. He was taking part in a bombing attack when the advance was arrested and the supply of bombs exhausted. Although one of his fingers had been blown away at the second joint by a German bomb, he jumped out of the trench and ran along the outside, firing all pocket guns at the enemy, killing and wounding many of them. The remainder, 62 in number, thinking themselves about to be cut off, thereupon surrendered. He, with two others, escorted the prisoners across open ground under heavy fire to a support trench, and then returned and reported himself for duty to his commander before his wound had been dressed. This action undoubtedly made it possible for the battalion to capture and hold 250 yards of trenches at a critical moment."

FRANCE AND GERMANY GATHER SINEWS OF WAR

[Republican A. P. Leased Wire]
PARIS, Oct. 6.—"Reports received from all over France," says an official statement issued this evening regarding the second war loan, subscriptions to which opened yesterday, "state that the eagerness of the subscribers to the new loan was the greatest on the second day the lists were opened."
The success of the loan is now assured. A large part of the subscriptions have been paid in specie and deposits of gold notes at the Bank of France where subscriptions to the new loan increased perceptibly."

THE GERMAN LOAN

BERLIN, Oct. 6. (Via London).—Although no general summary of the subscriptions to the fifth war loan is yet available, the totals compiled in various cities and the amounts subscribed through various banks generally, are somewhat higher than the corresponding amounts of the fourth war loan. If the subscriptions in the agricultural districts maintain the same ratio as those in the cities, it is certain that the fifth loan will exceed the fourth.

TREFF SECRETARY OF L. A. CHAMBER

LOS ANGELES, Oct. 6.—Edward F. Treff, formerly field secretary of the chamber of commerce of the United States, in the future will be connected with the Los Angeles chamber of commerce as associate secretary. He will be the right-hand man of Frank Higgins, general secretary and dean of his kind, who has been the guiding hand of the Angel City organization for nearly a quarter of a century.
Mr. Treff, during his four years with the national body, has formed a business acquaintance extending into every city of 10,000 or over in the country. He has covered more than 200,000 miles of territory and is personally known to more civic builders than probably any other man in organization work.

HINDU SAVANT ESCAPES ASSASSINS

[Republican A. P. Leased Wire]
SAN FRANCISCO, Oct. 6.—Sir Rabinadrath Tagore, Hindu poet and Nobel prize winner, safe in Santa Barbara today, whether he fled before a reported plot to assassinate him, left behind him here two fellow countrymen in jail, cancelled engagements, and racing discord. All day yesterday municipal and private detectives guarded the Hindu savant in his hotel quarters, in the wings and on the floor of a theater where he appeared, and escorted him to Santa Barbara.
The head of a private detective agency said today that there was a well founded plot on the part of the Hindu revolutionists to destroy Tagore. The men in jail, charged with battery and assault, are H. Singh Hattish and Jagan Singh, members of the radical Hindu or Gadar party. In front of the hotel where Sir Rabinadrath was staying, they attacked Professor Singh Matruh, who came from Stockton to invite Tagore to lecture there, and tore his white turban from his head. Detectives believe that the real object was to reach Tagore.

[Republican A. P. Leased Wire]

DEFENDS DEMOCRACY

[Republican A. P. Leased Wire]
LARAMIE, Wyo., Oct. 6.—Senator John F. Shafroth, in an address here tonight, defended the Underwood tariff law and said that America had nothing to fear from an industrial revolution of the United States at the close of the war, since the death and disablement of European laborers on battlefields would cause a scarcity of labor and raise the cost of production in Europe.
Senator Shafroth also declared that the democratic party had enacted into law all the demands of the progressive platform of 1912.

WRIGHT'S GIFT TO ENGLAND

[Republican A. P. Leased Wire]
DAYTON, O., Oct. 6.—The patent rights in England on aeroplanes of Orville Wright, have been turned over to the British government, Mr. Wright stated today. "Our patent rights in England expire next spring," explained Mr. Wright, "and we will not have them extended. This means that the rights may, under the English law, be taken up by machine makers there. However," he added, "machines made under such rights, cannot be marketed outside of England."

KILLED BY MEXICAN BANDITS

[Republican A. P. Leased Wire]
PRESIDIO, Tex., Oct. 6.—Mexican bandits raided the ranch of a French Mexican named Fleaut, and killed both Fleaut and a Mexican boy in his employment, according to a report arriving here today from San Carlos, a town some miles down the Rio Grande from here on the Mexican side. The bandits were trying to drive off the cattle from the ranch near San Carlos, when they were detected by Fleaut, who resisted with arms.

TOMBSTONE PIONEER COLONEL HATTICH DEAD

[Republican A. P. Leased Wire]
TUCSON, Oct. 6.—Colonel Bartholomew Hattich, a pioneer mining man whose career was contemporaneous with the history of the famous mining camp of Tombstone, Ariz., died here today at the home of his son, William Hattich, founder of the Tombstone Prospector and Tombstone Evening Star. The latter gave up his newspaper interests several years ago to care for his father, whose health had begun to fail. Colonel Hattich, who was a native of Alpine, Switzerland, was 79 years old and came to Arizona in 1880, locating in the bonanza camp of Tombstone. About three years ago the family, consisting of the parents and their son, came to Tucson to reside. He was a

DUAL MONARCHY READJUSTED

[Republican A. P. Leased Wire]
VIENNA, Oct. 5. (Via London, Oct. 6).—The executive committee of the three principal groups of the lower house met here today to discuss important measures, including the advisability of convening parliament. Tomorrow similar committees of the same groups of the upper house will meet.
The Associated Press is able to announce that the meetings will not result in the convening of parliament, but only in the calling together of the Austrian and Hungarian delegations on relations between the two countries. The present meetings, therefore, are confined to a discussion of the advisability of calling the delegations as insisted upon by the opposition in the Hungarian parliament in the recent campaign against Premier Tisza of Hungary.
The Austrian faction favoring a meeting of parliament is small, but is credited with the desire to remove Premier Stuergh, with whose policy it is dissatisfied.
The meeting of the delegations will have no effect on internal affairs as only foreign and military matters will be taken up.
Perry, it was learned late tonight, is suffering from exposure and did not expect to attend him in a cabin in the mountains where he was placed by members of the posse which found him.
Two more arrests in connection with the case were made tonight when two foreigners were taken from a pool hall in Oak Creek by the authorities, and held for investigation.
At midnight the posse had not returned.

CRIMINAL LAW BEING EVADED BY COLLECTORS

(Continued from Page One)
not the letter, is clearly violated by the procedure planned under the auspices of the national democratic executive committee. Section 113 of the United States criminal code, which embodies Section 12 of the civil service act, deals with another phase of it. It is this latter section to which the framers of the democratic extortion scheme specifically refer in their instructions to the strong arm squad.
Sections 129 and 131 of the United States criminal code, which embody sections 13 and 14 of the civil service act, refer to other phases of the matter.
It is obvious that the men who developed the scheme for the national democratic executive committee, and who are trying to operate it, had those provisions of the law in mind, and have sought deliberately to find the technical loophole which will enable them to contravene the spirit and the purpose of the statute and yet escape the punishment of a five thousand dollar fine or imprisonment for three years or both.

AN UNSOLVED MYSTERY

[Republican A. P. Leased Wire]
SAN ANTONIO, Texas, Oct. 6.—A military inquiry into the death of Corporal Joseph Lowell, 35 Company, Second Maine Infantry, failed today to clear the mystery of the shooting of the young soldier last night. Two theories were forwarded, one of an assassin and the other that he was killed by a provost guard shooting at an escaping prisoner. The inquiry will be continued.

BOOSTING UP OF TRADE

[Republican A. P. Leased Wire]
NEW YORK, Oct. 6.—Complaints that master bakers in combination have increased the price of bread one cent a loaf and have threatened to use violence against independent bakers who refuse to join them, will be investigated by District Attorney Swan, he announced today. More than 100 subpoenas were served on bakers calling for their appearance before Mr. Swan, Monday.
The investigation followed the receipt of several complaints from housewives and restaurant keepers to the effect that the price of 12 ounce loaves had been raised from 5 to 6 cents and that the bread was less substantial. Bakers told the district attorney today that the sudden jump in price was because of increased cost of flour.

KANSAS OFFICIALS WERE RUN OUT OF TOWN

[Republican A. P. Leased Wire]
WICHITA, Kan., Oct. 6.—A mob of 1,000 citizens tonight ran Marshall Crowe and his three deputies out of the city of Augusta, an oil town, twenty miles east of here, wrecked the city jail and liberated six prisoners, held on petty charges.
The mob resented the arrest of several prominent citizens on charges of violating traffic ordinances, because the citizens said the rough streets made it impossible to follow the ordinary rules of the road. It has been a common joke that the bumps in the thoroughfares were of such size and frequency that they jarred out the tail lights of motor cars.
Tonight when William Peck, candidate for the legislature, rode down main street on a white horse, with a lantern held behind him, the mob delighted the crowd on the street but angered the officers. Peck's arrest caused a mob to form, which soon
